

# Nazareth Area School District

## Second Grade Technology Sheet for Parents

*All links below can be accessed from the school website under Student Resources.*

**KBES** (<http://www.be.nazarethasd.org/>); **LNES** (<http://www.lne.nazarethasd.org/>) and **SES** (<http://www.se.nazarethasd.org/>)

### Single Log-in:

Students in K-3 will have log-in Clever badges to use at school which will allow students to use any device with a camera to quickly log-on once and have access to applications that are integrated with Clever. Today, hundreds of applications are supporting Clever Instant Login — letting teachers and students focus on learning, not logging in. Applications below that use Clever will have a link to Clever as the first website. Logging into Clever will bring up a dashboard of the applications that are specific to that student/grade. The student then can

click on the icon of the application that they want to use.

Website: <https://clever.com/in/nazarethasd> | Log-in with Gmail which is Student ID#@nasdstudents.org | Type Password

Please note: Student will only have to put in Gmail account first time logging into Clever at home. Second and subsequent times their Gmail should be seen on Google screen in order to click on it and go straight through to Clever Dashboard. If you have multiple students in the district, make sure your children log out of Google as well as any application so the next child can log in using their Google log-in.

### Math:

Pearson Successnet Math Envisions series is an interactive portal for students to access the online text, watch video lessons as well as use practice activities, printable worksheets, and extra assignments are available to take learning home for practice. Assignments in the portal maybe assigned by teacher. Any ebook is ONLY available on the student's PowerSchool account--NOT the parent's PowerSchool account.

Website: <http://powerschool.nazarethasd.org>

**Once you login to your powerschool account, click on Pearson Realize on the left side of the screen.**

**Username:** student number

**Password:** student password

First in Math is an online math program/game where students can practice basic facts as well as higher level problem solving skills in competing with a mathematical game of 24.

Log-in with Clever Website: <https://clever.com/in/nazarethasd>

Please use the Clever login explained in the Clever section on this informational document.

### Reading:

BookFlix® is a digital literacy resource that pairs more than 120 animated stories from Weston Woods with a best-selling nonfiction eBook from Scholastic on a similar subject. The fiction and nonfiction pairings are designed to strengthen early literacy skills while exposing young learners to real world concepts.

Website: <http://auth.grolier.com/login/bookflix/login.php>

- **In School, log-in works without a password**
- **Out of School, You will need a library card or an ecard**
  - **Apply for an ecard at** <https://powerlibrary.auto-graphics.com/>
  - **Directions on Accessing BookFlix from Home is under the Library Links on the school's website.**

**You will need to enter your library card or ecard number when prompted**

**Username:** student number

**Password:** student password

Lexia's goal is to empower teachers with technology to individualize learning paths for each student, and provides educators with the necessary progress monitoring data and resources to prioritize and plan teacher-led instruction.

- Engage students and personalize their learning path
- Present performance data in a manner that is easy to access and simple to interpret
- Provide teachers the resources they need for direct instruction

Log-in with Clever Website: <https://clever.com/in/nazarethasd>

Use Clever Login method described above in Clever section if using a laptop, tablet or computer. Also note you may need your student's teacher email the first time using Lexia for the school year or first time using an app on a tablet.

Reading & Writing:

With more than 10,000 leveled eBooks from over 40 publishers that are tightly integrated with tools for writing, speaking, listening, and language use, Big Universe is your one-stop solution for balanced literacy models. Use on any device, anytime, for almost any learning situation from independent reading or group instruction to special education, ELL, after school enrichment, and more.

Academic Sites Used in the Classroom:

This is the website for students and staff to login to Schoology. It is different site from the parent’s Schoology site. Schoology is an Integrated Learning System for students, teachers and parents to communicate and take learning to the 21st century. Students are able to interact, watch videos, take quizzes and collaborate in the classroom in school and at home.

Website: <http://schoolology.nazarethasd.org> (Student’s website is different from Parents)

Log-in with Gmail which is Student ID#@nasdstudents.org | Type Password  
Please note: Student will only have to put in Gmail account first time logging into Schoology at home. Second and subsequent times their Gmail should be seen on Google screen in order to click on it, type password and go straight through to Schoology

**Google Suite for Education** is an on-line program that allows students to use Google documents on-line anywhere, anytime as well as providing email addresses for curriculum projects. This includes Google Docs, Slides, Forms, Sheets, etc.

Log-in with Clever Website: <https://clever.com/in/nazarethasd>

When using the Google Website: [www.google.com](http://www.google.com)

- Click on **SIGN IN** on top right of screen
- Username is email address.
  - Email address: student#@nasdstudents.org (ex. 123456@nasdstudents.org)
  - **Password:** student password

Parent Tools

Powerschool is our student management website that gives parents access to their child’s grades, attendance and teacher comments. The first time you visit PowerSchool you will need to create an account. To create an account you need a code from your child’s school. Please contact [skocher@nazarethasd.org](mailto:skocher@nazarethasd.org) for more information. Once you have an account created, use your login and password to access all information. Parents can choose to have an email update of grades sent out daily, weekly and monthly. To see student ID#/Username, Password, Gmail, PowerSchool Parent Access ID & Password and Schoology Parent Join Code, parent can go into their PowerSchool and click on Other Apps for Guardians on left side, that screen shows all this information.

Website: <https://powerschool.nazarethasd.org/public/home.html>

Parent’s Login for Schoology is at a different site from their child's Schoology. Schoology is our learning management system that we will use to post announcements, homework, study guides, assessments, calendar of events and more. It is important to create a schoology account. Parent codes can be given out at the office in person or contact [skocher@nazarethasd.org](mailto:skocher@nazarethasd.org). You can link your children to one account. Parents have the option to have messages and announcements texted or emailed to them when something is posted into Schoology. Students will use Schoology to take assessments, watch videos, participate in discussions and more interactive learning.

Website: [www.schoology.com](http://www.schoology.com) (Parents use a different web address from the students.)

Parent Online School Cafe Program allows parents to deposit money for the school lunch program. You can also set preferences on purchases and view all purchases made during school in the cafeteria. You must create an account the first time you use the program.

Website: [www.parentonline.net](http://www.parentonline.net)

Please use the TECH HELP Section of our website in order to get help to set up your parent accounts' get your child in an application; or view helpful videos. At any time, please contact the technology integration specialist for K-3, Shawn-Kimberly Kocher, at [skocher@nazarethasd.org](mailto:skocher@nazarethasd.org). Please always note your child's full name and building they are in when sending an Email.
